INTRODUCING FOUR FLEX...

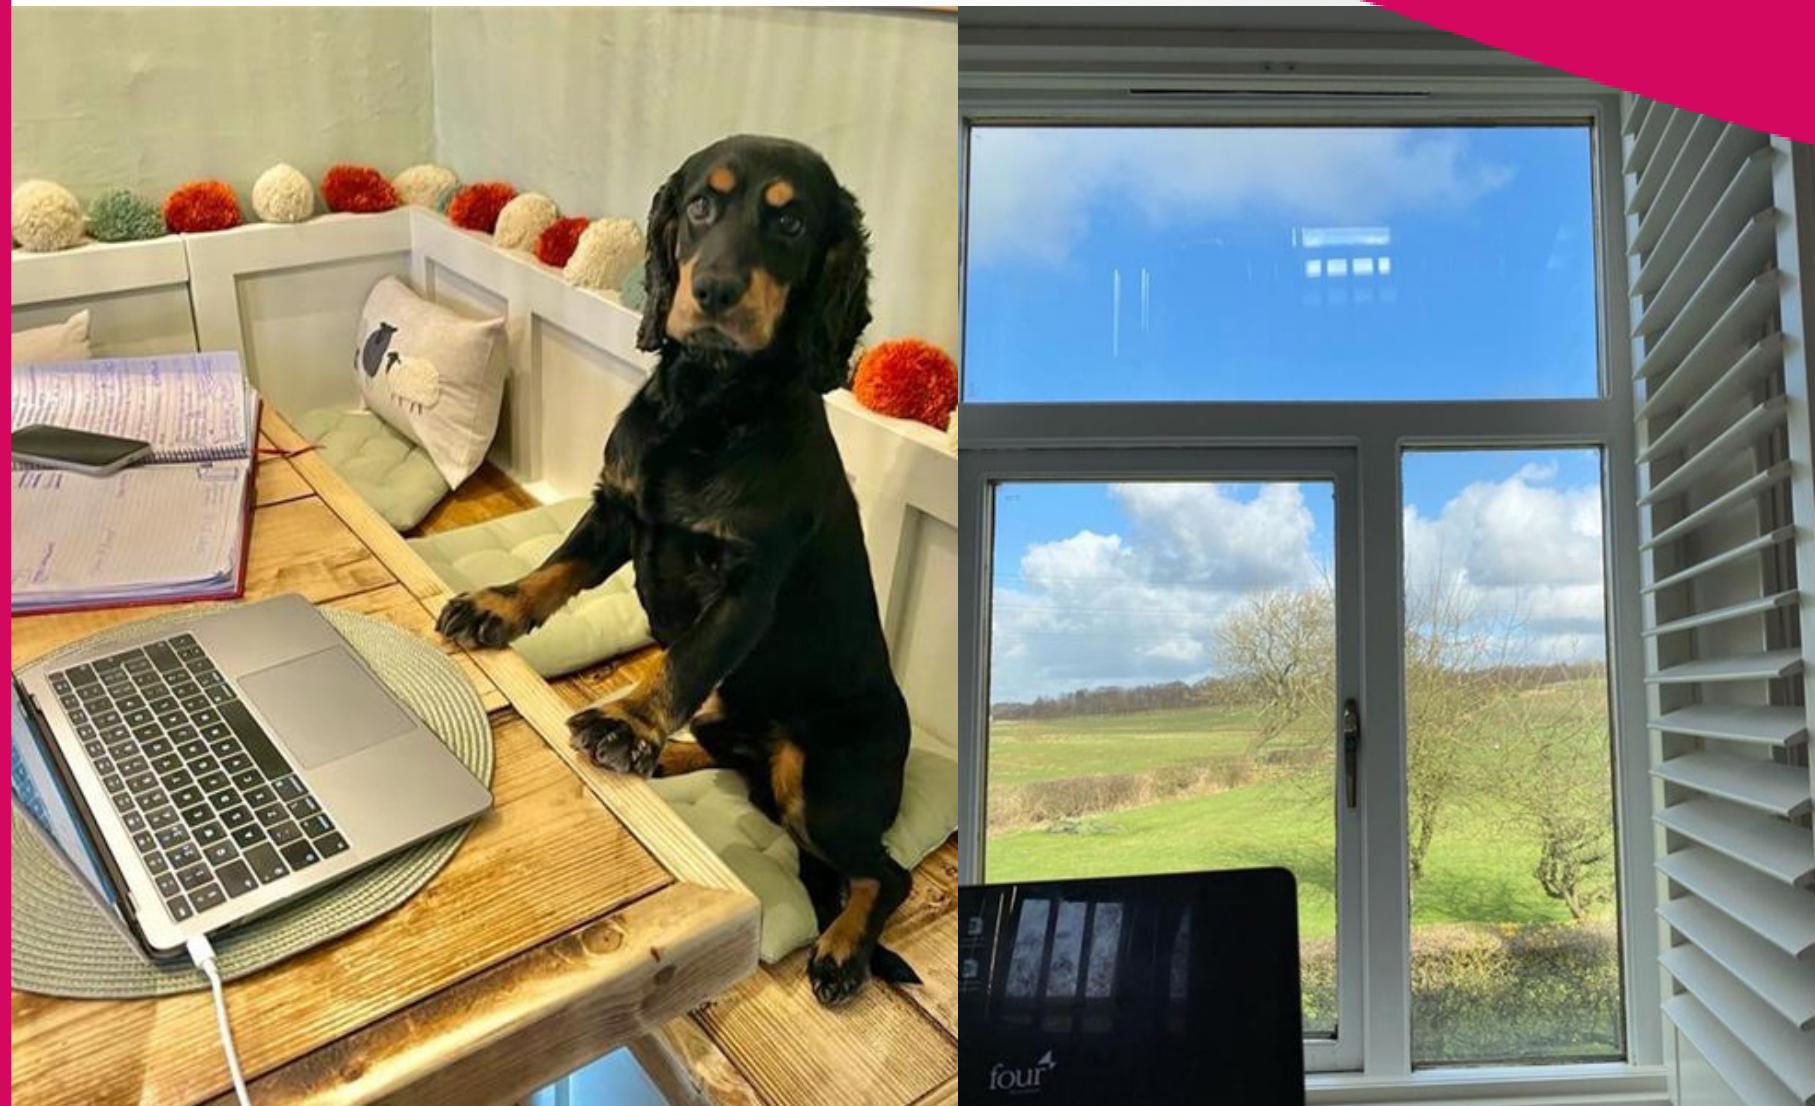

The working world has changed a great deal in recent years and we have all become accustomed to different ways of working. That's why we've introduced our Four Flex scheme.

This new initiative offers our team the freedom to choose where and when they undertake their work based on the individual needs of their respective areas of the business. This not only helps increase productivity but more importantly it encourages a better work/life balance for our team.

Perhaps there's an off-site meeting with a client and it makes more sense to work from a coffee shop for the rest of the day or maybe they're a morning person and would prefer to come in an hour earlier. Whatever gets the job done, we provide our teams with the autonomy to manage their own time.

Intrigued to learn more? Join Four and enjoy your new-found flexibility.

WHAT OUR STAFF THINK...

“

Lauren Ellison
Head of Business Support Division

It is great for me as I live a bit further away from the office than most people, so it allows me to create a working pattern that still allows me work/ life balance!

“

Hannah Weir
Projects Coordinator

Four Flex gives me the freedom to work when and where I am the most effective, and maximise my work life balance in the process. It demonstrates Four's consistency in ensuring their employees are happy and feel listened to and valued
